

PriosaMINO 2.0[®]

Assorted nutritional supplements (perfect mix) 16 amino acids | 3 B-vitamins | SOD | 150 capsules

Nutritional supplement with amino acids + B vitamins

Medically tested formula with the right quantity of all important amino acids to meet the needs of the human metabolism. Especially useful in stressful situations.

A healthy mix of 16 amino acids

Amino acids regulate almost all metabolic processes in the human body. As protein building blocks they form proteins and, therefore, muscle fibers, skin cells, hormones, enzymes and neurotransmitters. Amino acids are the most important of the three physiological components (I. amino acids, II. carbohydrates, III. fatty acids). Unfortunately, no natural food contains the right quantity and ratio of amino acids for the human body to build proteins. Within PriosaMINO[®] the combined quantities do exactly that to meet the needs of the human metabolism.

2.0 – The perfect mix

This perfect new mix adds four important amino acids and three high-dose B vitamins to PriosaMINO[®]. Besides, PriosaMINO 2.0[®] contains more methionine and the enzyme SOD* bound in melon juice.

Quickly available for the metabolism

PriosaMINO 2.0[®] is made to support your body in physically strenuous and stressful situations where the metabolism requires amino acids as soon as possible (e.g. in extreme sports, in detox processes or during phases of growth, etc.).

Recommended use

Unless advised otherwise, swallow 5 capsules a day with enough fluid.

Notes: Do not exceed the recommended dosage. Nutritional supplements are not a substitute for a balanced diet. A balanced diet and a healthy lifestyle are still important.

Ingredients: L-methionine, hypromellose (coating agent), cellulose, L-lysine hydrochloride, L-valine, L-isoleucine, L-phenylalanine, L-tryptophan, L-threonine, L-cysteine hydrochloride, L-tyrosine, L-leucine, L-aspartic acid, saline, L-glutamic acid, taurine, L-glutamine, L-histidine base, L-ornithine hydrochloride, vitamin B6, L-arginine hydrochloride, melon fruit juice concentrate, (6S) -5- methyltetrahydrofolic acid, glucosamine salt, vitamin B12.

Ingredients per daily dose = 5 capsules	per 5 cps.	per 100 g	% NRV*
L-arginine	15 mg	0,44 g	/
L-aspartic acid	50 mg	1,45 g	/
L-cysteine	60 mg	1,74 g	/
L-glutamic acid	40 mg	1,16 g	/
L-glutamine	30 mg	0,87 g	/
L-histidine	30 mg	0,87 g	/
L-isoleucine	210 mg	6,10 g	/
L-leucine	60 mg	1,74 g	/
L-lysine	210 mg	6,10 g	/
L-methionine	710 mg	20,64 g	/
L-ornithine	20 mg	0,58 g	/
L-phenylalanine	180 mg	5,23 g	/
L-threonine	120 mg	3,49 g	/
L-tryptophan	180 mg	5,23 g	/
L-tyrosine	75 mg	2,18 g	/
L-valine	240 mg	6,98 g	/
vitamin B6	18 mg	0,52 g	1.286
folate	400 µg	11,63 mg	200
vitamin B12	270 µg	7,85 mg	10.800

* % NRV = Nutrient reference values according to EU regulation No. 1169/2011.

/ = No EU reference value available. Vitamins and minerals below 15% of NRV are not listed.

* SOD = Superoxide dismutase. Protects cells against free radicals, also called the „Methuselah enzyme“.

PriosaMINO 2.0®

Assorted nutritional supplements (perfect mix)

16 amino acids | 3 B-vitamins | SOD | 150 capsules

Note: Store at room temperature (max. 25 °C) in a dry, light-protected place out of reach of small children.

Nutritional supplement with many advantages

The nutritional supplementation with amino acids may be helpful in case of burnout symptoms, chronic muscle weakness, recurrent infections, food intolerances, growth pain in children and much more. A well-balanced amino acid level supports the production of neurotransmitters, which contribute to a good mood, outstanding sleeping quality and a boost in energy and concentration.

A precious companion

Amino acids are particularly important when following a special way of life or a specific nutrition: **Athletes** who need the protein building blocks for muscle growth, benefit from this nutritional supplement just like **vegans** and **vegetarians**. A supplementation with amino acids supports the body functions during **periods of weight reduction**, as bad sensations during a diet are often the result of a shortage of amino acids. A sufficient supply with amino acid leads to a lasting feeling of satiety and good mood. This nutritional supplement can compensate an amino acid deficiency – an often neglected consequence of many diets.

PriosaMINO® and PriosaMINO® Drink

For physically **less strenuous phases** we recommend PriosaMINO® with 12 amino acids. This nutritional supplement is also available as PrimaMINO® **raspberry-flavored drink**, suitable for **children** and adults who are **reluctant to swallow capsules**.

Sanopoly's warranty

PriosaMINO 2.0® is **gluten-free**, lactose-free and **does not contain** dairy products, **flavor enhancers**, artificial flavors, colors nor preservatives. PriosaMINO 2.0® is **free of ingredients from animal origin** and is, therefore, perfect for people with special nutritional needs or food intolerances (**vegan/vegetarian/paleo/lactose-free/gluten-free**).

A healthy nutrient supplementation for conscious people

Nutrition-conscious and physically active people are aware of the importance of a healthy nutrient supply in everyday life and while travelling. Therefore, they like to use high quality vital substances from Sanopoly like PriosaATHLETICUM®, PriosaCOMPLETE®, PriosaLIPID®, PriosaMENT® or PriosaVIT®.

Healthy nutritional supplement with high-quality nutrients

An attentive mind, a healthy body and respect for nature play important roles in sports. That's why it's important to us that PriosaMINO 2.0®.

- is produced in Austria according to the **strictest quality guidelines for food production** – the ISO 22 000,
- is **free of genetically modified additives**,
- contains **no genetically modified ingredients or organisms**,
- has all plant extracts **tested for pesticide residues** and do not exceed the allowed limits (EC Regulation 396/2005).

We call this „EU compliant tested quality“.
